

Friends of Kwezana Primary

Ms Mveni visits Settle CE Primary

At the beginning of October Ms Zandi Mveni travelled over from Kwezana to work with the children and staff at Settle CE Primary for a week. As well as experiencing several events at the Storytelling Festival, Zandi also was very keen to link up with members from the church of the Holy Ascension.

Zandi spent most of her visit working with children in Foundation Stage and KS1 as this is the age range she teaches at Kwezana Primary although she also had chance to spend some time in every class. She was particularly popular at playtime as she demonstrated her impressive skipping skills.

"Zandi spent two days in Early Years where she thoroughly enjoyed getting to know the children and learning more about the Early Years Curriculum. She was interested in our routines and loved how we had time to talk with the children. She picked up ideas from exploring our provision and took some photos home with her for inspiration.

She talked to the children about the seasons in South Africa as we were learning about Autumn. The children asked her thoughtful questions and they loved showing her around our classrooms. She was invited by one of the children to - wash her hands and sit down for snack. She built up some great friendships and she wanted to take some of the children home with her. We thoroughly enjoyed Zandi's time with us."

By Miss Greenwood

It is the end of the school year at Kwezana and the children are on holiday until the 21st of January. It is strange to think that it is summer over there and that their Christmas weather will be so very different to ours. No wishing for a white Christmas for them!

Some children will be moving on to the high schools and others changing classes after their exams. We wish them all good luck.

We also hope send our best wishes to the principal, Ms Mbatani, who has been unwell.

Photos From Kwezana

Before the children finished school they were able to help to harvest the vegetables from the school garden. A bumper crop of carrots, beetroot, butternut squash and green peppers were collected although the cabbages weren't quite ready yet.

At the end of term the children were able to take home some of the vegetables .

Ms Mveni holding the biggest carrot.
