

20 for 20 - TVS Fundraiser

Can you help raise money for TVs?

- Tyume Valley Schools is aiming to raise £2000 - the cost of a study camp for 50 primary-age children
 - We are looking for 20 people each to undertake a 20 mile sponsored walk — with donations in multiples of £20

About the walk

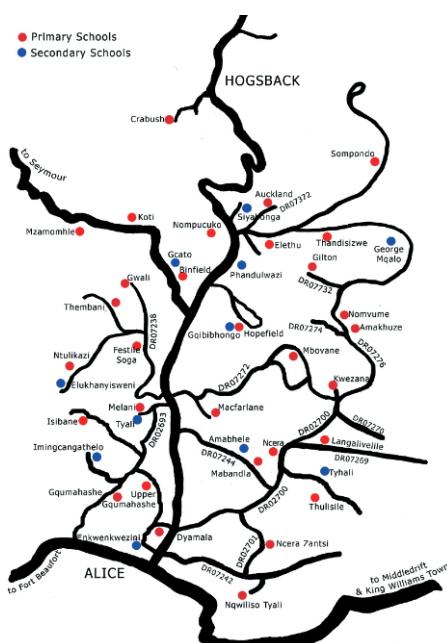

A group of us will be undertaking a 20 mile circular walk around Clun/Bishops Castle (Shropshire) 4th/5th June. We can supply maps, company and suggestions for refreshments en route. Please see reverse of this flyer for a map.

How can you get involved?

Join us on the walk! Alternatively you could choose another 20 mile route; or do the Shropshire walk on a different date. You will need to look for your own sponsors. All sponsors can donate via: <http://tiny.cc/20for20>. For further information contact Sue Richards sueclarichards@gmail.com/ 07884 185930

About TVS

Tyume Valley Schools Development Association was set up by a group of teachers who'd worked in southern Africa, at the request of a local leader who was very concerned about the legacy of the old Bantu Education Acts. The Tyume Valley is a remote area in Eastern Cape Province, with 35 very small schools, poor roads and inadequate buildings, teaching standards and exam results.

Over the past 12 years TVS has provided a dozen small IT labs, a library and resource centre, a full-time IT trainer, plus assistants, and a programme of English teaching and training for staff. We also run one or two residential study camps a year, at an Outward Bound centre in the hills above the valley. The students love these camps, which focus on academic subjects in the morning and team building, leadership skills and physical exercise in the afternoons.

We're now seeing evidence of better outcomes from our additional teacher training. We have also supported our IT trainer to become a qualified teacher. Over the next three years we plan to hand over all our services to local schools and NGOs.
